P+P Milan Rescue (65m) #90419/65MK2

P+P Product Code

90419/65MK2

Description

The P+P Milan Rescue is a lift to release then lower rescue system that eliminates the need for a cut rescue. The system features an Milan 2.0 HUB, which enables a rescuer to raise a suspended casualty sufficiently to release their fall arrest device then lower them to a point of safety. The supplied 3.5m Remote Capture Pole and P+P Super Clip is a safer alternative to climbing and in most cases enables the rescuer to access the casualty's attachment point without climbing and putting themselves at risk.

Material Specification

9mm Super Static nylon rope

Attachment Points

Alloy Kwiklok Karabiner and round anchorage sling

Size / Length

65m

Standards

EN341, EN1496
